For Traffic Safety

NETS – THE NETWORK OF EMPLOYERS FOR TRAFFIC SAFETY – IS A NON-PROFIT, PUBLIC/PRIVATE PARTNERSHIP WORKING TO HELP EMPLOYERS DEVELOP AND IMPLEMENT COMPREHENSIVE WORKPLACE TRAFFIC SAFETY PROGRAMS. NETS FACTS

Employers pay \$54.8 billion annually for on- and off-the-job motor vehicle fatalities and injuries.

Motor vehicle crashes represent the leading cause of lost work time and on-the-job fatalities.

Employers pay more than \$13,500 per injury. For a company with 10% net profit margin the average injury consumes the profits of \$135,000 in sales.

NETS programs lead to increased productivity, lower medical and disability insurance costs, and reduced absences, and they help protect employees from loss of life and injury.
